The Origins and Evolution of Faber Plays

From Publishing to Performance: The Birth of Faber?s Theatrical Venture

Faber & Faber, established in 1929, has long been a pillar of British literary culture. Known for publishing iconic writers like T.S. Eliot, Sylvia Plath, and Samuel Beckett, the publisher has historically centered its identity around nurturing literary talent and disseminating impactful narratives.

In the early 21st century, Faber began to explore new avenues beyond the printed word, recognizing the theatrical potential of their catalog and the stories they championed. This led to the inception of Faber Plays, a dedicated initiative aimed at translating literary works into compelling stage productions. The goal was to create a platform where literature could be experienced anew?through performance, staging, and theatrical innovation.

The phrase stuff happens?originally popularized by the British Prime Minister Harold Macmillan?has been repurposed within this context to evoke the unpredictability and spontaneity inherent in both life and theater. By combining this phrase with Faber?s literary prestige, the company emphasizes that their plays reflect real-world complexities, unexpected developments, and the messy, often chaotic nature of human experience.

The Philosophy Behind the Plays

Faber?s approach to producing plays under this banner is rooted in several core principles:

- Literary Fidelity: Respect for the original works, ensuring that adaptations retain the thematic depth and stylistic nuances.
